Ramona, Thank you.

I wanted to ask the planning commissioners to please settle this oil train issue ASAP. It will be appealed by either side so please move on and let that happen.

I am against highly flammable oil trains coming through the towns and cities of California. Just the other day a train derailed in Oregon...unfortunately trains are just not safe enough and 200 jobs is not justification to endanger so many people!

Mr. Whitesides,

the Planning Commissioners are volunteers for our department and do not release their personal information. To contact them you can email me, and I will forward your email to the Commissioners. Please call me if I can be of further assistance to you.

Thank you.
